PUT AN END TO PERIOD POVERTY AND JOIN THE IMPACT PARTNER PROGRAM!

Days for Girls (DfG) partners with corporations and businesses to uplift women and girls around the globe. Be on the forefront of global change by joining forces with some of the leading progressive companies in the world to make lasting impact.

As a Days for Girls Impact Partner, you’ll help an award-winning NGO turn periods into pathways for 2.5+ million menstruators in 144 countries (and counting). Our mission is to build a brighter future for all people with periods by shattering the stigma and limitations associated with menstruation. That means increasing access to menstrual health solutions and education, creating income-generating opportunities for women, lobbying for menstruator-friendly policies, and cultivating strategic partnerships with changemakers. But we can’t do it alone. To fully bring our vision to life, we’re counting on partners like you to help spread our message far and wide – and to offer crucial support for our cause.

There are so many options to get involved as a Days for Girls Impact Partner! This program offers creative ways to contribute to our work and interact with the Days for Girls’ powerhouse community. Check out the offerings below to find your match. There is something for everyone. We promise your efforts will make life-changing differences for women and girls who need it most.
